## 1. Purpose & Governance Context

- This document defines the lead qualification and booking process performed by the SDR Team.
- Establish a standardized, repeatable, and auditable process with built-in quality checks, escalation paths, and compliance triggers.
- Maintain consistent, high-quality qualification standards across the SDR Team to ensure only sales-ready leads are passed forward.
- Enable effective meeting scheduling and seamless handoff to the Sales Team through clear Zoho CRM tagging and communication protocols.
- Improve the overall health and efficiency of the deals pipeline by enhancing lead readiness and reducing conversion friction.
- Drive measurable business outcomes, including improved Sales KPIs, increased revenue per lead, and reduced lead rejection rates.

## 2. Scope

Applies to all SDR Team members involved in lead handling workflows, including filtering, booking, and Zoho CRM updates for **B2B** leads across all sectors and lead sources.

## 3. Abbreviations

- **SDR:** Sales Development Representative,
- **CRM:** Customer Relationship Management (Zoho),
- **MRK:** Marketing,
- **EOB:** End of Business Day,
- **B2B:** Business to Business,
- **KPIs:** Key Performance Indicators,
- **SLA:** Service Level Agreement.

## 4. Definitions

>>> Leads Pipeline:

- **New Lead Stage:** The lead has just been created or received and has not yet been contacted or reviewed by the SDR Team.
- **Contacting Stage:** The SDR Agent is actively following up with the lead through calls, messages, or emails. Communication is ongoing but not yet concluded.
- **Qualified Stage:** The lead fully meets the internal qualification criteria and is ready to be handed over to the Sales Team for the next step. (Ready for Sales)

|                                                                                   |                                                                              |                                                          |
|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------|----------------------------------------------------------|
|  | Quality Governance Document                                                  | <b>Document Code:</b><br><br>WalaPlus_SDR_2.1_03.12.2025 |
|                                                                                   | <b>Document Name:</b><br><br><b>Sales Development Representative Process</b> |                                                          |
| <b>Version Date:</b> 03 Dec. 2025                                                 | <b>Version Number:</b> 2.1                                                   | <b>Page 5 of 27</b>                                      |

- **On-Hold Stage:** The lead is temporarily paused due to external factors, such as waiting for internal approval, the contact being on leave, or any other client-side delay.
- **Potential Stage:** The lead meets the qualification criteria but is not currently ready or interesting.
- **No Answer Stage:** The lead did not respond despite completing the full follow-up cycle across all available communication channels.
- **Not Qualified Stage:** The lead does not meet the basic qualification standards, regardless of whether they are a decision-maker or not.

>>> Deals Pipeline:

- **Contacted Stage:** The Sales Agent has initiated contact with the client by phone call, the deal is active and under communication, but the meeting has not yet been conducted.
- **Not Attend Meeting Stage:** This stage applies when a **scheduled meeting did not occur** due to the absence of the client, so the SDR Team shall attempt to **reschedule the meeting within five (5) business days**.
- **Closed Lost Stage:** The deal is closed without a successful outcome, indicating that the opportunity will not proceed to the next stage or result in a sale.

## 5. Roles & Responsibilities

- 5.1 SDR Agent & Sr. SDR:** Responsible for the lead outreach, qualification, meeting booking, and timely logging of all activities and updates on Zoho CRM.
- 5.2 SDR Manager:** Monitors team performance against SLAs, ensures tagging accuracy, supports Zoho CRM data hygiene, and provides coaching and support to SDR Agents to maintain quality and consistency.
- 5.3 Sales Team:** Receives and contacts the qualified leads from the SDR Team, advancing them through the deals pipeline.
- 5.4 Head of Sales:** Oversees the performance of the SDR and Sales teams, monitors lead/deals quality, reviews escalations, ensures alignment between Sales and SDR processes, and participates in reporting and strategic improvements to pipeline velocity and conversion rates.
- 5.5 ERP Admin:** Maintains system configuration, ensures technical integration (e.g., CRM, WhatsApp Business), and supports CRM workflow.
- 5.6 Data Analyst:** Analyzes CRM data, performance KPIs, and leads trends to generate actionable insights, performance dashboards, and reporting for leadership.
- 5.7 Quality Team:** Conducts regular audits to identify gaps in process execution, SLA adherence, data quality, and compliance. Reviews the end-to-end SDR journey to improve lead experience and ensure alignment with governance standards.

## 6. Tools & Systems

| Tool / System     | Purpose / Use Case                                                                                                                                                                          |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Zoho CRM          | Core platform for lead entry, tracking, tagging, updating lead stage, and handoff to the Sales Team.                                                                                        |
| Google Calendar   | Used for scheduling and booking client meetings by SDR Agents for the Sales Team. Shared calendars facilitate availability and visibility.                                                  |
| Five9             | Used for the SDR Agent's primary calling.                                                                                                                                                   |
| WhatsApp Business | Used to send follow-up messages and reminders to leads.                                                                                                                                     |
| Mawsool           | Inbound communication tool with leads; also functions as an outbound lead generation tool (from Marketing Team), with SDR Agents receiving full data directly in Zoho CRM by the ERP Admin. |
| Planhat           | Mentioned for cross-verifying if the duplicated lead already exists in another client record (Customer Success tool).                                                                       |
| Slack             | Used for internal communication, team syncs, and escalation notifications.                                                                                                                  |

|                                                                                   |                                                                              |                                                          |
|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------|----------------------------------------------------------|
|  | Quality Governance Document                                                  | <b>Document Code:</b><br><br>WalaPlus_SDR_2.1_03.12.2025 |
|                                                                                   | <b>Document Name:</b><br><br><b>Sales Development Representative Process</b> |                                                          |
| Version Date: 03 Dec. 2025                                                        | Version Number: 2.1                                                          | Page 7 of 27                                             |

## 7. Process Workflow (Step-by-Step)

### 7.1 Lead Reception

#### → [New Lead Stage]

7.1.1 **Inbound New Leads** received via **Zoho CRM** from these lead sources:

- **MRK Campaigns** (Google Ads, LinkedIn Ads),
- **Meetup**,
- **Webinars**,
- **eBook**,
- **Referrals**,
- **Website Forms** (WalaPlus, WalaOne, or MarketPlace),
- **Mawsool**,
- **Customer Support**.

*>>> Please ensure that the lead is tagged appropriately on Zoho CRM with the relevant label. If the **Tag** is not available, the SDR Agent shall fill the form "**New Reason, Tag & Scenario**" to request from the ERP Admin to create the right & suitable **Tag**.*

7.1.2 The SDR Team shall treat Mawsool-generated leads as **Inbound New Leads** once they are received on Zoho CRM, which are already labeled with the "**Mawsool**" tag, uploaded by the ERP Administrator, and assigned to the SDR Manager to be distributed as small batches among the SDR Team manually and as per needs within their daily working tasks.

7.1.3 The SDR Team are authorized to create **Outbound New Leads** on Zoho CRM on the same business day when initiating communication with leads through any external platform.

7.1.4 The SDR Team shall follow the order of the **Priority List** when handling leads:

- Generated Inbound New Leads >>> First Priority,
- Rescheduling/Re-contacting Qualified Leads (Deals) marked as "**Not Attend Meeting**" >>> To be managed in parallel with inbound new leads,
- Mawsool Inbound Leads >>> Next priority after the above,
- Outbound Leads >>> Last Priority.

|                                                                                   |                                                                              |                                                          |
|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------|----------------------------------------------------------|
|  | Quality Governance Document                                                  | <b>Document Code:</b><br><br>WalaPlus_SDR_2.1_03.12.2025 |
|                                                                                   | <b>Document Name:</b><br><br><b>Sales Development Representative Process</b> |                                                          |
| <b>Version Date:</b> 03 Dec. 2025                                                 | <b>Version Number:</b> 2.1                                                   | <b>Page 8 of 27</b>                                      |

## 7.2 Lead Initial Review/Validation

7.2.1 The SDR Agent checks the lead data (name, job title, company, email, phone number, and lead source).

7.2.2 The SDR Agent checks if the lead fits ***all (and Rule) the minimum Qualification Criteria*** of the target audience:

- The company is located within a target market (KSA),
- The organization employs at least 15 full-time staff members (based on KSA),
- The lead holds a relevant role/title within HR, Operations, or Procurement,
- The lead's seniority level is HR or decision-maker (e.g., Manager, Director, Head) – (some small companies might not have a Seniority Level),
- The lead is aligned with the product's buying persona (ICP – ID Customer Persona),
- The lead is not currently an existing client within the active deals pipeline, with the Customer Success platform, or blacklisted/disqualified accounts (if any).

7.2.3 Before initiating any communication with the lead, the SDR Agent shall review and validate the lead data, then proceed with the appropriate welcoming script. The review steps include:

### 7.2.3.1 **Verify Lead Completeness**

- Ensure all mandatory fields are filled correctly [**Not Fake Data**] (name, job title, company, email, phone number).
- Escalate any fake, incomplete, or inconsistent data to the SDR Manager & MRK Team.

### 7.2.3.2 **Check for Duplicates**

- Search Zoho CRM/Planhat to confirm the lead does not already exist under another record.
- If a duplicate is found, follow the **Duplicate Leads Handling (7.2.4)**.

### 7.2.3.3 **Validate Data Accuracy**

- Confirm that the email domain matches the company name.
- Verify phone number format and validity according to the KSA Country Code.
- Review company name spelling and confirm against the official website (if available).

|                                                                                   |                                                                              |                                                          |
|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------|----------------------------------------------------------|
|  | Quality Governance Document                                                  | <b>Document Code:</b><br><br>WalaPlus_SDR_2.1_03.12.2025 |
|                                                                                   | <b>Document Name:</b><br><br><b>Sales Development Representative Process</b> |                                                          |
| <b>Version Date:</b> 03 Dec. 2025                                                 | <b>Version Number:</b> 2.1                                                   | <b>Page 9 of 27</b>                                      |

#### 7.2.4 Duplicate Leads Handling:

##### 7.2.4.1 If the lead is found as an active deal in the Deals Pipeline (Zoho CRM):

- **Active Deal  $\leq$  1 year, in any stage except “Agreement Signed” stage:** The SDR Agent shall move the new lead to “**Not Qualified**” stage with the reason “**Duplicated – Deal with Sales**”, and add the relevant data to the [Notes] section inside the active deal.
- **Deal > 1 year with no reply, in any stage except “Agreement Signed” stage:** The SDR Agent shall contact the new lead and go through the communication process, consider it as a new lead, and when the new lead is interested, the SDR Agent will move the lead to new “**Qualified Lead**” stage, and assign the same Sales Agent as the old deal, and notify the Sales Agent (via Zoho CRM @mention or email) to move the old deal to “**Closed Lost**” stage, and the SDR Agent shall add the relevant deal link in [Notes] section inside the new deal.
- **New lead is responsible person, and the old Deal > 1 year with no reply:** The SDR Agent shall consider it as a new lead, assign the same Sales Agent as the old deal, and notify the Sales Agent (via Zoho CRM @mention or email) to move the old deal to “**Closed Lost**” stage, and the SDR Agent shall add the relevant deal link in [Notes] section inside the new deal.
- **New lead is responsible person, Active Deal  $\leq$  1 year:** The SDR Agent shall move the new lead to “**Potential**” stage with the reason “**New Contact**”, and notify the Sales Agent (via Zoho CRM @mention or email) inside the active deal about the new contacted person, and add the relevant data to the [Notes] section inside the active deal.
- **Deal at “Agreement Signed” stage, or Subsidiary Account:** The SDR Agent shall move the new lead to “**Not Qualified**” stage with selecting the suitable reason as per the communication done with the client, and add the relevant notes to the [Notes] section inside the deal/lead (if any), and if there is any other Active Deal in the deals pipeline, it shall be moved to “**Closed Lost**” stage by the Sales Agent.

|                                                                                   |                                                                              |                                                          |
|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------|----------------------------------------------------------|
|  | Quality Governance Document                                                  | <b>Document Code:</b><br><br>WalaPlus_SDR_2.1_03.12.2025 |
|                                                                                   | <b>Document Name:</b><br><br><b>Sales Development Representative Process</b> |                                                          |
| Version Date: 03 Dec. 2025                                                        | Version Number: 2.1                                                          | Page 10 of 27                                            |

7.2.4.2 If the lead is not found on Zoho CRM, but is found on Planhat:

- **As Active Client:** The SDR Agent shall contact the new lead to check if there is any need for any support, then move the new lead to “**Not Qualified**” stage with selecting the suitable reason as per the communication done with the client, and add the relevant notes to the [Notes] section inside the deal/lead (if any)

*Note: This case shall be escalated to the SDR Manager & Head of Sales to take the needed actions.*

#### 7.2.5 Churned Clients Handling:

- **Lost/Churned Client (> 6 months) [for Private Sectors] OR (> 1 year) [for Governmental Sectors]:** The SDR Agent shall contact the new lead to check if there is any intention to renew the subscription, and it will be considered as a **New Deal**. When the new lead is interested, the SDR Agent will move the lead to a new “**Qualified Lead**” stage, and it will be handled by the Sales Team.
- **Lost/Churned Client (≤ 6 months) [Private Sector] OR (< 1 year) [for Governmental Sectors]:** The SDR Agent shall contact the new lead to check if there is any intention to renew the subscription. The SDR Agent shall move the new lead to “**Not Qualified**” stage with the reason “**Customer Success**” [the lead’s data will be sent *automatically* to the CS Team Leaders & SDR Manager via email], then the SDR Team will mention the CS Team Leaders inside the lead itself and add any relevant data to the [Notes] section inside the active deal (if any).

*>>> If the Scenario is not covered in the existing process, the SDR Agent shall fill the form “**New Reason, Tag & Scenario**” to request from the ERP Admin to determine an appropriate decision from the SDR Manager & Head of Sales, with the Quality Team.*

### 7.3 Contacting & Follow-up Policy

#### → [Contacting Stage]

- 7.3.1 The SDR Agent shall make the first contact with the new lead within 1 business day, mark the call activity as completed/closed. If there are any public holidays or vacations, the SDR Agent can contact the new lead within 2 business days as a maximum.
- 7.3.2 **Day #1:** First call attempt using **Five9\***, SDR Agent shall move the lead to “**Contacting**” stage on Zoho CRM within the same business day, and mark the call activity as completed/closed on Zoho CRM,
- 7.3.3 **Day #1:** If there is no answer, a follow-up template (WhatsApp message & email) will be sent **automatically**, and the SDR Agent can retry the call after 3 - 4 business hours of the same business day, and mark the call activity as completed/closed on Zoho CRM,

|                                                                                   |                                                                              |                                                          |
|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------|----------------------------------------------------------|
|  | Quality Governance Document                                                  | <b>Document Code:</b><br><br>WalaPlus_SDR_2.1_03.12.2025 |
|                                                                                   | <b>Document Name:</b><br><br><b>Sales Development Representative Process</b> |                                                          |
| <b>Version Date:</b> 03 Dec. 2025                                                 | <b>Version Number:</b> 2.1                                                   | <b>Page 11 of 27</b>                                     |

- 7.3.4 **Day #2:** If there is no answer, the SDR Agent will try to call again via **Five9\***, and mark the call activity as completed/closed on Zoho CRM,
- 7.3.5 **Day #3:** If there is no answer, a follow-up template (WhatsApp message & email) will be sent **automatically**,
- 7.3.6 **Day #4:** If there is no answer, a follow-up template (WhatsApp message & email) will be sent **automatically**,
- 7.3.7 **Day #5:** If there is no answer, the SDR Agent will do a final call attempt via **Five9\***, and mark the call activity as completed/closed on Zoho CRM,
- 7.3.8 **Day #6:** If there is no answer, a final follow-up template (WhatsApp message & email) will be sent **automatically**.

**Note:** SDR Team are not permitted to use personal phone numbers to contact leads. In the event of any technical issues with **Five9**, a flag must be raised immediately to the Head of Operations & Quality Manager for resolution and tracking.

→ **[No Answer Stage]**

- 7.3.9 If there is no answer within 6 business days of contact, the SDR Agent shall move the lead to “**No Answer**” stage on Zoho CRM within the same business day.
- 7.3.10 If a lead remains unresponsive after 6 business days of initial contacting, 3 additional weekly follow-up templates (WhatsApp message & email) will be sent **automatically**, If the lead remains unresponsive, during the 4<sup>th</sup> week, the SDR Agent will make a final call attempt via **Five9** and mark the call activity as completed/closed on Zoho CRM.
- 7.3.11 In the absence of any engagement after these efforts, Zoho CRM **automatically** will update the lead’s stage to “**Not Qualified**” within the same business day and select the not qualified reason as “**No Answer**”, with no more follow-ups from the SDR Team.
- 7.3.12 The SDR Agent shall update the **[Outgoing Call Result]** field on Zoho CRM immediately after completing/closing each call activity, selecting the most accurate status based on the lead’s response:
- **Interested:** The lead has shown clear interest and qualifies to proceed to the next step (e.g., booking a meeting).
  - **Not Interested:** The lead has explicitly declined our service and does not wish to proceed further.
  - **No response/Busy:** The lead did not answer the call, or the line was busy; to be included in the follow-up cycle.
  - **Requested more info:** The lead expressed interest, but requires additional details (e.g., company details, company services, company profile) before committing.
  - **Requested call back:** The lead asked to be contacted again at a specific time/date; the SDR Agent must schedule the follow-up call activity on Zoho CRM.

|                                                                                   |                                                                              |                                                          |
|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------|----------------------------------------------------------|
|  | Quality Governance Document                                                  | <b>Document Code:</b><br><br>WalaPlus_SDR_2.1_03.12.2025 |
|                                                                                   | <b>Document Name:</b><br><br><b>Sales Development Representative Process</b> |                                                          |
| <b>Version Date:</b> 03 Dec. 2025                                                 | <b>Version Number:</b> 2.1                                                   | <b>Page 12 of 27</b>                                     |

- **Unavailable:** The call could not be connected due to external factors (e.g., network issue, number temporarily out of coverage, switched off, or not reachable), to be included in the follow-up cycle.
- **Invalid Number:** The phone number is incorrect, mistyped, or does not exist.

**Note:** *If the SDR Team receives an incoming call via their personal phone number, the SDR Agent must call back the lead via **Five9** to make sure that all interactions are recorded, then log the relevant call activity within Zoho CRM, and add the relevant notes to the [Notes] section of the Zoho CRM to ensure all interactions are properly documented.*

**Note:** *If the SDR Team receives a message out of the integrated **WhatsApp application** within the Zoho CRM, the SDR Agent shall record the outcome of the message inside Zoho CRM to make sure that all interactions are recorded, and add the relevant notes to the [Notes] section of the Zoho CRM to ensure all interactions are properly documented.*

## 7.4 Lead Qualification

### → [Qualified Lead Stage]

- 7.4.1 If the contact person replies and confirms responsibility (decision-maker) and shows interest, the SDR Agent shall move the lead to “**Qualified Lead**” stage on Zoho CRM within the same business day.
- 7.4.2 If he/she is **not** the responsible person (**not** the decision-maker), the SDR Agent requests the correct contact person and updates the current lead's name, phone number, email, and adds notes about the recent situation (if any), and then goes through the qualification process.

### → [Not Qualified Stage]

- 7.4.3 If the lead neither confirms responsibility (decision-making authority) nor shows interest, the SDR Agent shall move the lead to “**Not Qualified**” stage on Zoho CRM within the same business day, and select the correct (Not Qualified Reason), with no more follow-ups from the SDR Team.
- 7.4.4 If the lead does not belong to the B2B “**WalaPlus**” Layout, the SDR Agent shall transfer it to the appropriate layout within the same business day, rather than marking it as Not Qualified.
- 7.4.5 Leads are moved to the “**Not Qualified**” stage if they meet any of the following reasons:
- **Personal Benefit:** Lead wants to use WalaPlus as a consumer (Individual purpose), not on behalf of a company (which falls outside the scope of B2B solutions).
  - **Irresponsible Person:** Lead is **NOT a Qualified decision-maker** or does not hold the role of decision authority and refuses to redirect or provide a decision maker, but **shows interest** in the service or product. *[Suitable for future marketing re-engagement]*

|                                                                                   |                                                                              |                                                          |
|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------|----------------------------------------------------------|
|  | Quality Governance Document                                                  | <b>Document Code:</b><br><br>WalaPlus_SDR_2.1_03.12.2025 |
|                                                                                   | <b>Document Name:</b><br><br><b>Sales Development Representative Process</b> |                                                          |
| Version Date: 03 Dec. 2025                                                        | Version Number: 2.1                                                          | Page 13 of 27                                            |

- **Incorrect Data:** Lead data is invalid or unverifiable (incorrect email, fake name, misleading company name, or disconnected phone number) or can't be reached.
- **Customer Service:** The lead is contacting to ask for support issues, which are redirected to the **Customer Support Team**, not Sales. An agreed email template is **automatically** sent to the lead with the Customer Support channel details.
- **Submitting the application by mistake:** Applied by mistake, not aware of the product or service.
- **Needs more Information:** Leads reached out for inquiry but do not intend to proceed, as they don't provide enough information to confirm qualification.
- **Negotiation (Mediator):** A Person is offering services to resell or act as an intermediary.
- **Looking for Job/Unemployed:** The lead submitted the form by mistake, believing it was intended for job applications. This includes job seekers, recent graduates, or individuals who misunderstood the platform's purpose and are currently unemployed.
- **Few No. of Employees:** Less than 15 full-time employees (KSA-based).
- **Out of Our Segments/Persona:** The lead falls outside the company's defined qualification criteria, such as an irrelevant industry or a wrong geographic region.
- **Duplicated – Already a client:** The lead/company is already onboarded.
- **Duplicated – Submit another lead form:** Same lead submitted the form more than once.
- **Duplicated – Deal with Sales:** Active deal already exists in the deals pipeline.
- **Customer Success:** The lead was previously subscribed with WalaPlus but lost/churned within the last 6 months. Such cases are redirected to the **Customer Success Team Leaders** via email **automatically** for follow-up and will not be handled further by the SDR Team.
- **No Answer:** The lead has not responded to any outreach attempts across all contact channels (calls, WhatsApp messages, emails) after following the complete follow-up policy. No engagement or reply was received, and no additional contact method is available or effective. *[Suitable for future marketing re-engagement]*
- **Not Interested:** The lead is a **NOT Qualified decision-maker** but has clearly **declined interest** in the service or product at this time, with no indication of future engagement or follow-up.
- **Test:** Used by the MRK Team to test landing pages or Zoho CRM campaigns.

>>> Please add the comment related to the chosen reason clearly in the **[Notes]** section of the Zoho CRM.

|                                                                                   |                                                                              |                                                          |

|                                                                                   | <b>Document Name:</b><br><br><b>Sales Development Representative Process</b> |                                                          |
| <b>Version Date:</b> 03 Dec. 2025                                                 | <b>Version Number:</b> 2.1                                                   | <b>Page 14 of 27</b>                                     |

*>>> If the **Reason** is not available, the SDR Agent shall fill the form “**New Reason, Tag & Scenario**” to request from the ERP Admin to create the right & suitable **Reason**.*

→ **[On Hold Stage]**

7.4.6 If the lead confirms responsibility but doesn't know or doesn't provide a timeline for the approval, the SDR Agent shall move the lead to the “**On Hold**” stage on Zoho CRM within the same business day and select the correct (On Hold Reason).

7.4.7 Leads are moved to the “**On Hold**” stage if they meet any of the following reasons:

- **Management Review:** Awaiting internal decision-making or approval from leadership before moving forward.
- **Schedule a meeting:** Waiting to schedule or confirm a meeting.
- **On Vacation:** The lead is temporarily unavailable due to travel or leave, and follow-up is required later.

*>>> Please add the comment related to the chosen reason clearly in the **[Notes]** section of the Zoho CRM.*

*>>> If the **Reason** is not available, the SDR Agent shall fill the form “**New Reason, Tag & Scenario**” to request from the ERP Admin to create the right & suitable **Reason**.*

7.4.8 The SDR Agent will follow up with the lead on a weekly basis (4 times/4 weeks) by calls via **Five9**, then the lead will be contacted bi-monthly (2 times/every 2 weeks) by calls via **Five9**, and act with the lead according to the lead's reply and mark the call activity as completed/closed on Zoho CRM.

*>>> If the Lead replies by an actual scheduled date, the SDR Agent shall create the task activity inside the lead to avoid any automation creation done by Zoho CRM.*

→ **[Potential Stage]**

7.4.9 If the contact person responds but does not explicitly confirm or reject decision-making responsibility, and does not express clear interest or disinterest, the SDR Agent shall move the lead to the “**Potential**” stage on Zoho CRM within the same business day and select the correct (Potential Reason).

7.4.10 Leads are moved to the “**Potential**” stage if they meet any of the following reasons:

- **Signed with Competitor:** The lead/company is currently engaged with a competitor; however, the lead may be re-targeted upon contract renewal or dissatisfaction.
- **Problem with the budget:** The lead/company has confirmed financial limitations or insufficient budget at this time, but may reconsider in the next financial cycle.
- **Cancel the Idea (change the company's direction):** The lead/company has deprioritized or withdrawn the initiative due to a change in internal strategy/direction.

|                                                                                   |                                                                              |                                                          |
|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------|----------------------------------------------------------|
|  | Quality Governance Document                                                  | <b>Document Code:</b><br><br>WalaPlus_SDR_2.1_03.12.2025 |
|                                                                                   | <b>Document Name:</b><br><br><b>Sales Development Representative Process</b> |                                                          |
| Version Date: 03 Dec. 2025                                                        | Version Number: 2.1                                                          | Page 15 of 27                                            |

- **Review the management:** The lead is awaiting evaluation or approval from senior management as part of the internal decision-making process.
- **Company Profile Requested:** The lead requested the company's profile for review before making a decision.
- **Follow-up Requested:** The lead has not clearly confirmed interest but has asked to be contacted again at a later time due to internal priorities or timing constraints.
- **New Contact:** The lead has submitted the form as a new responsible person for a company that already has an active deal in the Deals Pipeline (for less than 1 year), as outlined in section 7.2.4 (Duplicate leads handling).
- **Not Interested:** The lead is a **Qualified decision-maker** but has clearly **declined interest** in the service or product at this time, with no indication of future engagement or follow-up. *[Suitable for future marketing re-engagement]*

>>> Please add the comment related to the chosen reason clearly in the **[Notes]** section of the Zoho CRM.

>>> If the **Reason** is not available, the SDR Agent shall fill the form "**New Reason, Tag & Scenario**" to request from the ERP Admin to create the right & suitable **Reason**.

7.4.11 The SDR Agent will follow up with the lead on a quarterly basis (2 times/ 2 quarters) by calls via **Five9**, then the lead will be contacted for the last time by final call attempt via **Five9** at the third quarter, and act with the lead according to the lead's reply and mark the call activity as completed/closed on Zoho CRM.

>>> If the Lead replies by an actual scheduled date, the SDR Agent shall create the task activity inside the lead to avoid any automation creation done by Zoho CRM.

#### → **[Not Attend Meeting Stage]**

7.4.12 If the client didn't confirm the meeting, or missed the meeting with the Sales Agent, and there is no possibility for rescheduling, the Sales Agent shall move the deal to the "**Not Attend Meeting**" stage in the Deals Pipeline on Zoho CRM within the same business day, after which the SDR Agent will handle it.

7.4.13 Deals are moved to the "**Not Attend Meeting**" stage in the Deals Pipeline on Zoho CRM with the appropriate reason logged in Zoho CRM by the Sales Agent:

- **Sales Agent not attend:** The Sales Agent failed to attend the scheduled meeting, resulting in the meeting not being conducted with the client.
- **Client has an emergency:** The client cancelled or missed the meeting due to unforeseen urgent circumstances (e.g., personal or business emergency).
- **Client on a vacation:** The client was unavailable due to an unplanned leave or vacation during the scheduled meeting time.

|                                                                                   |                                                                              |                                                          |
|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------|----------------------------------------------------------|
|  | Quality Governance Document                                                  | <b>Document Code:</b><br><br>WalaPlus_SDR_2.1_03.12.2025 |
|                                                                                   | <b>Document Name:</b><br><br><b>Sales Development Representative Process</b> |                                                          |
| <b>Version Date:</b> 03 Dec. 2025                                                 | <b>Version Number:</b> 2.1                                                   | <b>Page 16 of 27</b>                                     |

- **Client no answer:** The client did not respond to calls, reminders, or join the scheduled meeting despite prior confirmation attempts.
- **Client postponed:** The client requested to move the meeting to a later date or time, preventing the meeting from happening as originally scheduled.
- **Wrong contact person:** The meeting was scheduled with the incorrect stakeholder or a person who was not the right decision-maker, leading to the meeting being invalid or cancelled.
- **Wrong invitation/time scheduled:** The meeting was booked at the wrong time, date, or with incorrect meeting details (e.g., wrong calendar invite, time zone mismatch), resulting in a missed or invalid meeting.

7.4.14 Deals that moved to the “**Not Attend Meeting**” stage in the Deals Pipeline on Zoho CRM shall be managed by the SDR Team within the same business day of transfer. The SDR Agent is responsible for **re-contacting the client** within a maximum of 5 business days, making daily follow-up calls (1-2 calls per day) to arrange a new meeting time.

- **If a reschedule is confirmed**, the SDR Agent shall:
  - **Update the booked meeting invitation on Google Calendar** with the new date/time within the same business day, ensuring it remains assigned to the same Sales Agent.
  - **Update the existing meeting activity on Zoho CRM** to reflect the updated schedule for the Sales Agent within the same business day,
  - Move the deal back to the “**Contacted**” stage in the Deals Pipeline on Zoho CRM immediately after the reschedule is confirmed.

#### → **[Closed Lost Stage]**

7.4.15 If the client declines to reschedule, or if repeated attempts are unsuccessful, the deal must be moved to the “**Closed Lost**” stage in the Deals Pipeline on Zoho CRM with the appropriate reason logged in Zoho CRM SDR Agent:

- **Sales Issue:** The deal was lost due to internal process gaps within the Sales cycle, such as delayed follow-up, incomplete communication, or inconsistent information shared with the client.
- **Sales Issue - Not Interested:** The client was **qualified** and met the company’s target criteria, but ultimately decided **not to proceed** after receiving the proposal, attending meetings, or reviewing the offer. This includes cases where the Sales Team engaged with a validated opportunity but was **unable to convert** due to a lack of final interest, budget reprioritization, or internal client decision.

(Qualified lead → proposal or negotiation done → client declined)

|                                                                                   |                                                                              |                                                          |
|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------|----------------------------------------------------------|
|  | Quality Governance Document                                                  | <b>Document Code:</b><br><br>WalaPlus_SDR_2.1_03.12.2025 |
|                                                                                   | <b>Document Name:</b><br><br><b>Sales Development Representative Process</b> |                                                          |
| Version Date: 03 Dec. 2025                                                        | Version Number: 2.1                                                          | Page 17 of 27                                            |

- **Budget Issue:** The client decided not to proceed due to financial limitations, budget unavailability, or pricing concerns.
- **Client Not Responding:** The lead did not reply to any contact attempts (calls, emails, or messages) despite multiple follow-ups, and no engagement was established to proceed with qualification or scheduling a meeting.
- **Client Rejected Service After Signing:** This reason applies when a client has **agreed to proceed and signed the commercial agreement**, but **later refused to continue with the service during the onboarding or implementation phase**. The refusal may occur **after contract signature** but **before or during activation**, typically due to internal client decisions, a change of priorities, or withdrawal from engagement despite previously confirmed intent, most likely after being transferred to the CS Team.
- **SDR Issue - Client Not Attend Meeting:** The lead is disqualified because the client did not attend the scheduled meeting and remained unresponsive despite continuous follow-up attempts for **five (5) consecutive business days** to reschedule by the SDR Agent. No engagement or valid justification was provided, and the opportunity could not progress further.
- **SDR Issue - Not Interested:** The lead showed **initial curiosity only**, such as requesting prices, company profiles, or general information, but demonstrated **no real intent** to proceed to a meeting or qualification stage. This includes cases where the SDR established contact, but the lead's inquiry was limited to exploratory or informational requests without purchase interest.  
(Qualified lead → information or pricing request only → no meeting possible)
- **SDR Issue - Not Qualified Deal:** The lead does **NOT** meet the company's qualification criteria or target profile and therefore cannot proceed through the sales process. This includes all cases where;
  - The contact person is not a relevant decision-maker or lacks authority,
  - The organization's **industry, size, or business scope** falls outside the company's target market,
  - The lead represents a **non-viable or low-value opportunity**, such as minimal employees or limited business capacity,
  - The inquiry is **irrelevant, incomplete, or non-business-related**, including:
    - Individuals seeking **employment or personal opportunities** rather than company services,

|                                                                                   |                                                                              |                                                          |
|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------|----------------------------------------------------------|
|  | Quality Governance Document                                                  | <b>Document Code:</b><br><br>WalaPlus_SDR_2.1_03.12.2025 |
|                                                                                   | <b>Document Name:</b><br><br><b>Sales Development Representative Process</b> |                                                          |
| <b>Version Date:</b> 03 Dec. 2025                                                 | <b>Version Number:</b> 2.1                                                   | <b>Page 18 of 27</b>                                     |

- Leads requesting only a **company profile or general information** without intent to proceed with a meeting or purchase,
- Leads **submitted by mistake** that do not represent valid business opportunities.
- **SDR Issue - Already a Client:** The lead represents an active or current client in the system (Zoho CRM/Planhat), so the new record must be closed to avoid duplication.
- **SDR Issue - Active Deal with Sales:** The same deal or company already has an open-active deal with the Sales Team, so the new record must be closed to avoid duplication.

## 7.5 Meeting Booking & Sales Handoff

- 7.5.1 If the lead was moved to the “**Qualified**” stage, the SDR Agent ensures Zoho CRM fields are properly filled out with the required data (Region of Head Office, Industry, Number of Employees, etc.).
- 7.5.2 Then, the SDR Agent schedules a meeting via Google Calendar with the assigned Sales Agent, adds his/her manager on Cc in the invitation email, and records any relevant notes as needed (if any).
- 7.5.3 The SDR Team shall assign the “**Qualified Lead**” to the appropriate Sales Agent based on **Region** (specifying whether the lead belongs to the head office or a relative branch) & **Sales Agent’s Availability** as reflected in Google Calendar.
- 7.5.4 The SDR Agent will receive a notification from Zoho CRM when the Sales team updates/reschedules the meeting invitation (if done). No further SDR Team involvement is required unless the meeting fails to take place, and the deal gets back to the “**Not Attend Meeting**” stage in the Deals Pipeline on Zoho CRM.
- 7.5.5 A **Deals Pipeline** tracks all leads who did not attend meetings inside the “**Not Attend Meeting**” stage, after the deal movement is done by the Sales Agent on Zoho CRM **immediately**.
- 7.5.6 The SDR Agent will check the deals pipeline on a ***daily*** basis, and shall re-call the lead to reschedule a new meeting and share it again with the Sales Agent
- 7.5.7 The SDR Agent shall add the new activities inside the **Deals Pipeline** for the concerned lead **within the same business day**.

|                                                                                   |                                                                              |                                                          |

## 7.6 Team Monitoring

**Objective:** *To ensure continuous visibility on SDR Team performance, data quality, and alignment with Marketing and Sales, while maintaining accurate pipeline reporting and adherence to SLAs.*

### 7.6.1 Daily Monitoring:

- SDR Agents shall ensure that all outreach activities (calls, WhatsApp messages, emails, and meeting confirmations) are logged in Zoho CRM on the **same day** (whether manually or via integration).
- The SDR Manager shall review the “**Approve Leads**” section in Zoho CRM **daily** and check the **Duplicate Leads** list (based on the lead’s email address):
  - Approve leads identified as non-duplicates.
  - Flag confirmed duplicates for removal.
- The **ERP Admin** shall delete confirmed duplicate records on a **weekly** basis, based on the SDR Manager’s **daily** review.

### 7.6.2 Weekly Alignment & Activity Review:

- A **weekly alignment meeting** shall be conducted with the **Marketing Team** to:
  - Review ongoing and upcoming campaigns,
  - Validate defined target audiences,
  - Lead source accuracy,
  - Analyze actual insights and conversion performance from current leads.
- A **weekly sync meeting** shall be held with the **SDR Team** to confirm that all outreach activities are correctly logged in Zoho CRM and that lead stages are aligned with actual contact status.

### 7.6.3 Zoho CRM & Tag Review:

- The **SDR Manager** shall perform a **weekly review of all lead stages** in Zoho CRM. Any communication deviations or inconsistencies shall be discussed with the responsible SDR Agent and addressed with corrective actions.
- A **weekly tag review** shall be conducted across the Zoho CRM:
  - Missing or incorrect tags shall be identified,
  - The **SDR Manager** collaborates with the **ERP Admin** to approve and implement any required new tags or corrections.

|                                                                                   |                                                                              |                                                          |
|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------|----------------------------------------------------------|
|  | Quality Governance Document                                                  | <b>Document Code:</b><br><br>WalaPlus_SDR_2.1_03.12.2025 |
|                                                                                   | <b>Document Name:</b><br><br><b>Sales Development Representative Process</b> |                                                          |
| Version Date: 03 Dec. 2025                                                        | Version Number: 2.1                                                          | Page 20 of 27                                            |

#### 7.6.4 **System Alerts & Surveys:**

- The **SDR Manager** shall review all **weekly alerts** sent to the SDR Team (e.g., SLA risks, overdue follow-ups) and coordinate with the concerned SDR Agent to define and implement corrective actions.
- A **weekly review of survey responses** shall be conducted to capture lead feedback on SDR interactions. Surveys are **automatically** triggered for the following call results: **Interested, Not Interested, Requested More Information, Requested Call Back** across the stages: **Potential, Qualified, On Hold, and Not Qualified**.
- The SDR Manager is responsible for monitoring and measuring survey outcomes. If deviations in quality or satisfaction are identified, the SDR Manager shall follow up with the responsible SDR Agent to ensure corrective actions are implemented and documented.

#### 7.6.5 **Lead Source Accuracy:**

- During weekly monitoring, the SDR Manager shall review **lead source accuracy** to ensure all leads are properly tagged/identified (e.g., Mawsool, Marketing Campaign, Referral, Event, etc.).
- Any missing or incorrect lead source information shall be escalated to the **Marketing Team** for investigation, correction, and process alignment.

### 7.7 **Handover & Coverage Process**

#### 7.8.1. **Definitions of Leave Types:**

- **Planned/ Long Leave:** Absence of 3 or more consecutive business days (e.g., annual leave, scheduled medical leave).
- **Emergency/ Short Leave:** Absence of 1 - 2 business days with limited or no prior notice (e.g., sudden illness, urgent personal matter).
- **Resignation/ Role Exit:** Permanent departure from the SDR role, requiring a complete handover of all leads and responsibilities to be finalized at least 3 business days before the last working day.

**Note:** *Business days exclude weekends and official holidays.*

#### 7.8.2. **Notification Requirements:**

- **For Planned/ Long Leave:** The SDR Agent/ SDR Manager must notify their direct Manager at least 1 business week in advance.
- **For Emergency/ Short Leave:** Notification must be given as soon as possible.

|                                                                                   |                                                                              |                                                          |
|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------|----------------------------------------------------------|
|  | Quality Governance Document                                                  | <b>Document Code:</b><br><br>WalaPlus_SDR_2.1_03.12.2025 |
|                                                                                   | <b>Document Name:</b><br><br><b>Sales Development Representative Process</b> |                                                          |
| <b>Version Date:</b> 03 Dec. 2025                                                 | <b>Version Number:</b> 2.1                                                   | <b>Page 21 of 27</b>                                     |

- **For Resignation/ Role Exit:** A full handover must be completed no later than 3 business days before the last working day.

***Note:** In case of unavailability to notify directly, notification may be sent by a family member or colleague.*

#### 7.8.3. **Priority of Lead Handling:**

- **First Priority:** Active leads already owned by the SDR Agent who is taking leave must be reassigned to ensure no disruption.
- **Second Priority:** New incoming leads will be allocated according to Zoho CRM's randomizer rule or manual assignment by the SDR Manager, to the available SDR Agents **ONLY**.
- Reallocation is managed only by the SDR Manager (or delegate), not by the SDR Agents themselves.

#### 7.8.4. **Delegation of Responsibility:**

- **SDR Agents:** Leads are redistributed among available SDR Agents, based on workload balance and Zoho CRM randomizer logic.
- **SDR Manager:** In the event of leave (an Acting Manager will be appointed by the Head of Sales/SDR Manager), Delegation can be rotational among the entire SDR Team, but with limited authority for approvals, escalations, and reporting.

#### 7.8.5. **Handover Requirements:**

- Before leaving, the SDR Agent/ SDR Manager must update all assigned leads on Zoho CRM with the **current stage, next action, deadlines, and notes**.
- A **handover file/report (Zoho CRM export with assigned leads + notes)** must be prepared and shared with the SDR Manager and designated backup SDR Agent at least **3 business days before long leave** or immediately for emergencies.
- For resignations, the SDR Manager must validate that all leads have been reassigned and properly documented at least 3 business days before the last working day.

***Note:** The handover file must include pending tasks, follow-up deadlines, and flagged risks.*

#### 7.8.6. **Governance & Compliance**

- No lead may remain unassigned or unmanaged due to leave.
- All handovers must be documented & confirmed via email.
- The SDR Manager holds accountability for ensuring proper coverage and compliance.

***Note:** Failure to complete handover requirements will be treated as a process deviation.*

|                                                                                   |                                                                              |                                                          |

## 9. Service Level Agreements (SLAs)\*

| Item                                         | Definition                                                                                     | SLA                        |
|----------------------------------------------|------------------------------------------------------------------------------------------------|----------------------------|
| <b>New Lead First Contact (Inbound)</b>      | SDR Agent shall complete/close the call activity within 1 business day from lead creation      | ≤ 1 business day (8 hours) |
| <b>Lead Review (Inbound/Outbound)</b>        | Review the lead's info (email, phone, job title, etc.) on the same day it is assigned          | Same business day          |
| <b>Lead Qualification Update</b>             | Change lead status to Qualified, Not Qualified, etc. after call/interaction                    | Same business day          |
| <b>Lead Transfer to Proper Layout</b>        | If a lead is under the wrong layout (e.g., not B2B), it must be rerouted to the correct layout | Same business day          |
| <b>Qualified Lead Booking</b>                | Schedule a meeting and assign a Sales Agent once qualified                                     | Same business day          |
| <b>Escalation Handling Time</b>              | All escalations (e.g., booking fails, status errors) must be resolved quickly                  | ≤ 4 hours                  |
| <b>Post-call Survey Dispatch (Automatic)</b> | The survey is being sent after the SDR Agent completes/closes the call activity                | Same minute                |
| <b>Duplicate Review &amp; Action</b>         | SDR Manager shall review the Duplicate List on Zoho CRM and approve the unique leads ONLY      | Daily                      |
| <b>Weekly Tagging Review</b>                 | SDR Manager shall review the Tag List on Zoho CRM and clean it (if needed)                     | Weekly                     |
| <b>Weekly Status Review</b>                  | SDR Manager shall review all pipeline stages & activities on Zoho CRM                          | Weekly                     |

*\*Excluding weekends & vacations, business hours start from 8 AM to 4 PM (KSA Time Zone).*

|                                                                                   |                                                                              |                                                          |

## 11. Reporting

- **Periodic Refreshers:** Conducted based on audit findings or system updates, shared with leadership.
- **Leads Dashboards:** Monitored regularly by the SDR Manager & Head of Sales to track pipeline health and performance.
- **Survey Reporting:** Includes survey satisfaction results and CSAT scores, analyzed for trends and corrective actions.
- **Monthly Performance Reports:** Prepared by the Data Analyst, covering qualified leads, response times, follow-up compliance, and successful meetings booked.
- **Escalation Reporting:** A monthly escalation log documenting case type, resolution time, and responsible owner, reviewed by the SDR Manager & Head of Sales.
