1. Purpose & Governance Context

- This document defines the governance of the sales process from the point of SDR lead handoff through to deal closure and customer handover. It sets clear operational standards for deal ownership, qualification continuation, proposal handling, agreement validation, and client pre-onboarding steps.
- It establishes compliance checkpoints, decision thresholds, and escalation rules to ensure accountability and process integrity across the Sales function. This process plays a direct role in downstream KPIs such as Conversion Rate, Revenue Per Deal, and Agreement Cycle Time.
- This document supports internal quality governance, links sales execution to operational and financial targets, and aligns Sales Team behaviors with Zoho CRM integrity and interdepartmental workflows.

2. Scope

Applies to all inbound and outbound Sales workflows, including Zoho CRM updates, proposal issuance, agreement handling, invoicing, and CS transfer for **B2B** opportunities.

3. Abbreviations

- **SDR:** Sales Development Representative,
- **CRM:** Customer Relationship Management (Zoho),
- **TL:** Team Lead,
- **EOB:** End of Business Day,
- **CS:** Customer Success,
- **GRC:** Governance, Risk, Compliance Department.

4. Definitions

- **New Deal Stage:**
 - Inbound Deal, the qualified lead, has been handed over by the SDR Team and is assigned to the Sales Agent, with no direct contact having been made yet by the Sales Team via Zoho CRM.
 - Outbound Deal, the qualified lead created by the Sales Agent who contacted/met, and they are interested in our services & met WalaPlus qualification criteria, as outlined in section 7.1.2.
- **Contacted Stage:** The Sales Agent has initiated contact with the client by phone call, the deal is active and under communication, but the meeting has not yet been conducted.

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 4 of 32

- **Not Attend Meeting Stage:** This stage applies when a **scheduled meeting did not occur** due to the absence of the client, so the SDR Team shall attempt to **reschedule the meeting within five (5) business days**.
- **Meeting Stage:** The Sales Agent has conducted the initial meeting, confirmed the client's interest, and documented all requirements. This stage indicates that the client has attended the meeting, and the deal is validated and ready for proposal preparation.
- **Proposal Stage:** A formal proposal (Commercial Offer/Quotation) has been sent to the client, and the deal is actively being followed up for feedback or internal approval. This stage indicates that the client is engaged but has not yet made a formal commitment. In some cases, deals may move directly from the **"Meeting"** stage to the **"Agreement Sent"** stage, while most deals in the **"Proposal"** stage represent high-probability or **"Hot"** deals.
- **On Hold Stage:** The client has shown initial or potential interest but has not yet confirmed readiness to proceed. This stage may occur either before or after the proposal is sent, depending on the client's situation. The Sales Team actively manages client objections, clarifications, or internal decision-making discussions that are still in progress.
- **Agreement Sent Stage:** The final Service Agreement (Contract) has been sent via Zoho Sign, pending signature from all parties concerned.
- **Agreement Signed Stage:** The **First Party** (Client) has signed the Service Agreement, and the Service Agreement has been signed by the **Second Party** (Sales Manager) & the **Third Party** (Finance Team). The deal has been confirmed and is ready for handover to CS Team.
- **Closed Lost Stage:** The deal is closed without a successful outcome, indicating that the opportunity will not proceed to the next stage or result in a sale.

Stage Name	Stage Duration (Timeframe)	Reference Clause
Not Attend Meeting	≤ 5 Business Days (for SDR reschedule attempt)	7.2.8
Meeting	≤ 10 Business Days (max 2 weeks)	7.3
On Hold	3 - 6 Months (based on reason)	7.3.11
Proposal	3 Months	7.4.2
Agreement Sent	3 Months	7.5.1

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 5 of 32

5. Roles & Responsibilities

- 5.1 Sales Agent:** Manages qualified leads from SDR, conducts meetings, sends proposals, updates Zoho CRM, and closes deals.
- 5.2 Sales Team Lead:**
- Responsible for managing qualified leads received from the SDR Team, conducting meetings, preparing & sending proposals, maintaining accurate Zoho CRM updates, and closing deals.
 - In addition, the Team Lead ensures compliance with SLAs, manages escalations, supports and coaches the Sales Team, and coordinates with the SDR Manager to maintain alignment and consistency across the sales process.
- 5.3 Sales Manager:** Drives target achievement, approves exceptions, manages major escalations, and oversees funnel performance.
- 5.4 Head of Sales:** Oversees the performance of the SDR and Sales teams, monitors lead/deals quality, reviews escalations, ensures alignment between Sales and SDR processes, and participates in reporting and strategic improvements to pipeline velocity and conversion rates.
- 5.5 ERP Admin:** Maintains system configuration, ensures technical integration (e.g., CRM, WhatsApp Business), and supports CRM workflow.
- 5.6 Data Analyst:** Analyzes CRM data, performance KPIs, and leads trends to generate actionable insights, performance dashboards, and reporting for leadership.
- 5.7 Finance Team:** Validates agreements, issues invoices, and ensures accuracy of financial data between Zoho CRM linked to “**Agreement Signed**” deals & quotations inside Zoho Books.
- 5.8 Legal Consultant:** Reviews NDAs & contracts, approves clause modifications, and ensures compliance with PDPL and company policy.
- 5.9 GRC Team:** Oversees governance and regulatory compliance (PDPL, ISO 27001), reviews risks in client contracts, and approves final governance sign-off.
- 5.10 Customer Success Team:** Onboards clients post-sale, manages service activation, and ensures a smooth handover from Sales.
- 5.11 Quality Team:** Conducts regular audits to identify gaps in process execution, SLA adherence, data quality, and compliance. Reviews the end-to-end SDR journey to improve lead experience and ensure alignment with governance standards.

6. Tools & Systems

Tool / System	Purpose / Use Case
Zoho CRM	Core platform used by the Sales Team to manage the entire sales pipeline, record client interactions, update deal stages, track proposals and agreements, and ensure all activities are logged in real time for visibility and audit readiness.
Zoho Sign	- Official platform for sending, tracking, and managing digitally signed agreements. - Enables the Sales Team, management, and clients to execute contracts securely and maintain electronic traceability within the deal record on Zoho CRM.
Zoho Books	- Used by the Sales Team to create client records, issue quotations, and coordinate with the Finance Team for invoice generation after agreement signature. - Ensures financial traceability and alignment between Sales and Finance data.
Google Calendar	- Used by the Sales Team to schedule, confirm, and manage all client meetings (online, on-site, or virtual). - Sales Agents must update calendars daily to reflect schedules or absences, providing visibility for Team Leads and Managers to monitor workload and ensure coverage.
Planhat	- Used by the CS Team to manage client onboarding after agreement signature. - The Sales Team must complete all required CRM data and documents before triggering the workflow to ensure a seamless transition and full activation visibility.
Jisr	HR Platform of WalaPlus for attendance tracking, leave management, and HR record updates.
Slack	Used for internal communication, team syncs, and escalation notifications.

7. Process Workflow (Step-by-Step)

7.1 Qualified Lead (New Deal) Handoff & Internal Review

→ **[New Deal Stage]**

- 7.1.1 **The Inbound Deal** is received from the SDR Team via Zoho CRM in the “**New Deal**” stage, with meeting activity assigned to the **[Deal Owner]**, which is the Sales Agent that was assigned for this deal, and a booked meeting was added by the SDR Agent on Google Calendar for the Sales Agent & his/her manager copied in the email invitation.
- 7.1.2 **The Outbound Deal** is the prospect deal that the Sales Agent contacted/met and found that they are interested in our services & met our qualification criteria, and it should be created by the Sales Agent on Zoho CRM within the same business day of contact.
- **Our Qualification Criteria (and Rule) for the leads (target audience):**
- The company is located within a target market (KSA),
 - The organization employs at least 15 full-time staff members (based on KSA),
 - The deal holds a relevant role/title within HR, Operations, or Procurement,
 - The deal's seniority level is HR or decision-maker (e.g., Manager, Director, Head) – (some small companies might not have a Seniority Level),
 - The deal is aligned with the product's buying persona (ICP – ID Customer Persona),
 - The deal is not currently an existing client within the active sales pipeline, with the Customer Success platform, or blacklisted/disqualified accounts (if any).
- 7.1.3 The Sales Agent opens the deal, reviews all fields (company name, contact person, meeting notes, no. of employees, region, and industry), validates completeness, and confirms the meeting slot on Google Calendar. This ensures the deal is properly qualified, complete, avoids miscommunication, and supports transparency.
- 7.1.4 **In case the information is missing or wrong**, the Sales Agent will notify and mention the SDR Team (SDR Agent & SDR Manager) inside the deal entity in the **[Notes]** section within Zoho CRM for revalidation of the mentioned fields. This minimizes proposal errors and ensures smooth sales flow.

7.2 Initial Contact

→ **[Contacted Stage]**

- 7.2.1 **The First Call:** The Sales Agent contacts the deal via Zoho CRM using a mobile phone, ensuring that the call activity is logged **automatically/immediately** to prevent rework.

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 8 of 32

- 7.2.2 **Short-period Meeting (within 24 hours from Meeting activity creation):** If the meeting is scheduled within a short period, the Sales Agent must contact the client **30 - 60 minutes before the meeting time** to confirm attendance, regardless of whether the client has accepted or not responded to the meeting invitation.
- 7.2.3 **Long-period Meeting (more than 24 hours from Meeting activity creation):** If the meeting is scheduled for a longer period ahead, the Sales Agent must contact the client **24 hours before the meeting time** to confirm attendance, regardless of whether the client has accepted or not responded to the meeting invitation.
- 7.2.4 **The First Call Outcome:** When the first call is completed (whether answered or unanswered), then the Sales Agent shall move the deal to the “**Contacted**” stage on Zoho CRM within the same business day.
- 7.2.5 **Meeting Confirmation:**
- If the client answers, the Sales Agent must confirm the booked meeting time with the client.
 - If the client does NOT confirm, the Sales Agent must try to reschedule the meeting.
- 7.2.6 **Rescheduling by Sales Team:** The Sales Agent shall try to agree on a new meeting time with the client.
- If rescheduling is successful, the Sales Agent updates the booked meeting invitation on Google Calendar and updates the meeting activity accordingly on Zoho CRM with the revised time, within the same business day.
 - If rescheduling is NOT possible, meaning the client has missed the meeting for a **second time**, the Sales Agent shall move the deal to the “**Not Attend Meeting**” stage within the same business day, after which the SDR Agent will handle it.
- 7.2.7 Deals are moved to the “**Not Attend Meeting**” stage with the appropriate reason logged in Zoho CRM by the Sales Agent:
- **Sales Agent not attend:** The Sales Agent failed to attend the scheduled meeting, resulting in the meeting not being conducted with the client.
 - **Client has an emergency:** The client cancelled or missed the meeting due to unforeseen urgent circumstances (e.g., personal or business emergency).
 - **Client on a vacation:** The client was unavailable due to an unplanned leave or vacation during the scheduled meeting time.
 - **Client no answer:** The client did not respond to calls, reminders, or join the scheduled meeting despite prior confirmation attempts.

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 9 of 32

- **Client postponed:** The client requested to move the meeting to a later date or time, preventing the meeting from happening as originally scheduled.
- **Wrong contact person:** The meeting was scheduled with the incorrect stakeholder or a person who was not the right decision-maker, leading to the meeting being invalid or cancelled.
- **Wrong invitation/time scheduled:** The meeting was booked at the wrong time, date, or with incorrect meeting details (e.g., wrong calendar invite, time zone mismatch), resulting in a missed or invalid meeting.

7.2.8 Deals that moved to the “**Not Attend Meeting**” stage shall be managed by the SDR Team within the same business day of transfer. The SDR Agent is responsible for **re-contacting the client** within a maximum of 5 business days, making daily follow-up calls (1-2 calls per day) to arrange a new meeting time.

- **If a reschedule is confirmed**, the SDR Agent shall:
 - **Update the booked meeting invitation on Google Calendar** with the new date/time within the same business day, ensuring it remains assigned to the same Sales Agent.
 - **Update the existing meeting activity on Zoho CRM** to reflect the updated schedule for the Sales Agent within the same business day,
 - Move the deal back to the “**Contacted**” stage in Zoho CRM immediately after the reschedule is confirmed.

7.2.9 If the client declines to reschedule, or if repeated attempts are unsuccessful, the deal must be moved to the “**Closed Lost**” stage with the appropriate reason logged in Zoho CRM by the SDR Agent, **OR** by the Sales Agent:

- **Sales Issue:** The deal was lost due to internal process gaps within the Sales cycle, such as delayed follow-up, incomplete communication, or inconsistent information shared with the client.
- **Sales Issue - Not Interested:** The client was **qualified** and met the company’s target criteria, but ultimately decided **not to proceed** after receiving the proposal, attending meetings, or reviewing the offer. This includes cases where the Sales Team engaged with a validated opportunity but was **unable to convert** due to a lack of final interest, budget reprioritization, or internal client decision.

(Qualified lead → proposal or negotiation done → client declined)

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 10 of 32

- **Budget Issue:** The client decided not to proceed due to financial limitations, budget unavailability, or pricing concerns.
- **Client Not Responding:** The lead did not reply to any contact attempts (calls, emails, or messages) despite multiple follow-ups, and no engagement was established to proceed with qualification or scheduling a meeting.
- **Client Rejected Service After Signing:** This reason applies when a client has **agreed to proceed and signed the commercial agreement**, but **later refused to continue with the service during the onboarding or implementation phase**. The refusal may occur **after contract signature** but **before or during activation**, typically due to internal client decisions, a change of priorities, or withdrawal from engagement despite previously confirmed intent, most likely after being transferred to the CS Team.
- **SDR Issue - Client Not Attend Meeting:** The lead is disqualified because the client did not attend the scheduled meeting and remained unresponsive despite continuous follow-up attempts for **five (5) consecutive business days** to reschedule by the SDR Agent. No engagement or valid justification was provided, and the opportunity could not progress further.
- **SDR Issue - Not Interested:** The lead showed **initial curiosity only**, such as requesting prices, company profiles, or general information, but demonstrated **no real intent** to proceed to a meeting or qualification stage. This includes cases where the SDR established contact, but the lead's inquiry was limited to exploratory or informational requests without purchase interest.
(Qualified lead → information or pricing request only → no meeting possible)
- **SDR Issue - Not Qualified Deal:** The lead does **NOT** meet the company's qualification criteria or target profile and therefore cannot proceed through the sales process. This includes all cases where;
 - The contact person is not a relevant decision-maker or lacks authority,
 - The organization's **industry, size, or business scope** falls outside the company's target market,
 - The lead represents a **non-viable or low-value opportunity**, such as minimal employees or limited business capacity,
 - The inquiry is **irrelevant, incomplete, or non-business-related**, including:
 - Individuals seeking **employment or personal opportunities** rather than company services,

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 11 of 32

- Leads requesting only a **company profile or general information** without intent to proceed with a meeting or purchase,
 - Leads **submitted by mistake** that do not represent valid business opportunities.
 - **SDR Issue - Already a Client:** The lead represents an active or current client in the system (Zoho CRM/Planhat), so the new record must be closed to avoid duplication.
 - **SDR Issue - Active Deal with Sales:** The same deal or company already has an open-active deal with the Sales Team, so the new record must be closed to avoid duplication.
- 7.2.10 **The Second Call:** At the scheduled meeting time, the Sales Agent shall wait for the client for 5 minutes. If the client does not join, the Sales Agent contacts the contact person via Zoho CRM using a mobile phone, ensuring that the call activity is logged ***automatically/immediately*** to prevent rework.
- **If the client replies and confirms reschedule:** The Sales Agent continues with the workflow, as per the Rescheduling by Sales Team steps (7.2.6).
 - **The Sales Agent shall wait for 10 - 15 minutes after the meeting time. If the client does not reply, no reschedule is possible, and still does not attend:** The deal shall be moved to the “**Not Attend Meeting**” stage with the applicable reason logged in Zoho CRM, as outlined in section 7.2.7 (Not Attend Meeting Reasons).
 - In this case, an **alert will be sent to the SDR Team** to re-contact the client and attempt reconfirmation and rebooking of the meeting.
- 7.2.11 If the Sales Agent is unable to attend the scheduled meeting due to an emergency or critical circumstances, the deal shall remain in the “**Contacted**” stage until the meeting is rescheduled with the client within **5 to 10 business days (maximum two weeks)**. This case is **not the responsibility of the SDR Team** and must be managed directly by the Sales Agent.

7.3 Meeting & Follow-up

→ **[Meeting Stage]**

7.3.1 All meeting invitations shall be sent to the **Sales Agent**, with his/her direct manager (the **Sales Team Lead or Sales Manager**) copied for visibility, operational alignment, and backup coverage (if needed):

- The **Sales Team Lead** may attend the meeting as a backup to the assigned Sales Agent.

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 12 of 32

- Each Sales Team has **two (2) Sales Team Leads**; they may attend meetings as backups for each other or for any Sales Agent within their team.
- (Optional) The **Sales Manager** may attend the meeting as a backup when required or upon request from the Sales Team Lead.

7.3.2 **Meeting Types:** Sales meetings may be conducted in different formats depending on the client's profile and requirements:

- **Normal/Default Meetings:** Conducted an online meeting with a presentation, and the SDR Agent will send a meeting invitation via **Google Calendar (with meeting activity added on Zoho CRM)**, and include the meeting link along with all relevant participants.
- **Virtual/Call Meetings:** Conducted via phone call; these represent a *smaller percentage of cases* and will be flagged by the SDR Team, and the SDR Agent will send a meeting invitation via **Google Calendar (with meeting activity added on Zoho CRM)** to reserve the timeslot, including the meeting type and all relevant participants.
- **On-Site/Physical Meetings:** Conducted face-to-face at the client's office. These are arranged only for high-profile clients or upon the client's request. The SDR Team manages full coordination, and the SDR Agent will send a meeting invitation via **Google Calendar (with meeting activity added on Zoho CRM)** to reserve the timeslot, including the meeting type and all relevant participants.

Note: Consider a 1-hour buffer before the meeting, and another 1-hour buffer after the meeting.

7.3.3 **If the client attends the meeting:** the Sales Agent conducts the session, verifies company details, confirms the client's company size and level of interest, records the meeting outcomes inside the deal entity in the **[Notes]** section within Zoho CRM, and moves the deal to the "**Meeting**" stage to reflect sales progress and enable tracking.

7.3.4 **Data Review with Client:** During the meeting, the Sales Agent must review and verify all client information, including:

- **Actual** Employee No. that will subscribe with the application,
- Industry of the company,
- Region of the head office.

Note: If any discrepancies are found between the received data and the information confirmed by the client, the Sales Agent must update the records accordingly in Zoho CRM.

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 13 of 32

7.3.5 **Standard Meeting Agenda (45 - 60 minutes):** The meeting agenda shall follow a standardized structure, including:

- Overview of the WalaPlus company background,
- Presentation of four (4) core WalaPlus product features,
- Examples of existing clients and merchants list,
- Dashboard insights (if needed),
- Q&A session,
- Demo presentation (Optional, if required by the client),
- The company profile shall be sent anyway (if it wasn't sent before).

Note: *The presentation is unified across all Sales Team, must be reviewed periodically, coded for version control, and coordinated with the Marketing Team regarding updates.*

7.3.6 **Deal Probability Selection:** Immediately after completing the meeting, the Sales Agent must update the **Deal Probability** field in Zoho CRM by selecting (**Hot, Warm, or Cold**), based on the meeting outcome and the client's readiness to proceed:

- **Hot → Confirmed need:** decision-maker identified, budget available, expected closure within ≤ 1 month.
- **Warm → Clear interest:** requires internal validation or approval; budget under discussion; expected closure within 1 - 3 months.
- **Cold → Low interest:** no decision-maker engaged, no clear budget, selling timeline > 3 months or undefined.

7.3.7 The Sales Agent must update all relevant deal fields in Zoho CRM within the same business day, recording complete meeting details, any special client requirements, and uploading all supporting documents shared.

7.3.8 **Go/No-Go Decision:** Following the meeting, the Sales Agent determines whether the opportunity is valid to proceed:

- **If Yes** → continue to the proposal step.
- **If No, or the client did not request the proposal** → record the meeting outcomes inside the deal entity in the **[Notes]** section within Zoho CRM (e.g., missing data, waiting for management approval).

7.3.9 **Missing/Pending Client Data:** If the client attends but still needs to provide the actual employees number, or if the case is waiting for management approval, the deal may remain in the **"Meeting"** stage for up to **5 - 10 business days (maximum 2 weeks)** until the missing data is received.

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 14 of 32

7.3.10 **Follow-up Policy:** Within the 2-week pending period, the Sales Agent must conduct **at least three (3) structured follow-ups** with the client:

- **One follow-up** in the same week of the meeting,
- **Two follow-ups** in the following week of the meeting.

EXCEPTION: *If the client requests additional time (e.g., for management approval), the follow-up period may extend up to a quarter. However, the deal must remain actively tracked and documented in Zoho CRM and be moved to the “On Hold” stage accordingly by the Sales Agent after this quarter.*

→ **[On Hold Stage]**

7.3.11 If the client has a **valid** reason for delay that requires additional time (e.g., decision postponed to the next quarter), the deal shall be moved to the “**On Hold**” stage, and can remain for a **maximum of 3 - 6 months**, depending on the client’s situation and follow-up progress.

7.3.12 The Sales Agent must select the correct reason from the drop-down list in the “**On Hold**” stage on Zoho CRM, ensuring it precisely reflects the client’s current situation:

- **Under Management Discussion:** The client has paused the decision-making process to conduct further internal discussions or evaluate the idea/proposal with their management team.
- **Waiting for Management Approval:** The idea/proposal is under review by the client’s senior management, and the Sales Agent is awaiting final approval before proceeding.
- **Comparison with Another Proposal:** The client is currently comparing WalaPlus’s proposal with another vendor’s commercial offer before making a final decision.
- **Budget Issue:** The client has expressed interest in proceeding, but is **temporarily** unable to allocate or approve the required budget.
- **Client Unplanned Vacation:** The main contact or decision-maker is temporarily unavailable due to an unexpected absence or vacation, resulting in a short delay in communication or approval.
- **Client Emergency:** The decision-making process has been postponed due to an unforeseen client-side emergency affecting availability or operations.
- **Client Hold the Idea:** The client has **temporarily** suspended the idea, project, or initiative due to shifting priorities or organizational focus.
- **Missing Data:** The proposal or next step cannot proceed due to missing or incomplete client information required for validation or agreement preparation.

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 15 of 32

- **Agreement Sent - No Answer:** Used when the Service Agreement has been sent, but the client does not respond for **3 months of the Agreement Sent Stage**, and the Sales Agent keeps bi-weekly follow-ups and documents all attempts in Zoho CRM.
- **Company Restructure:** The client is experiencing internal restructuring, merger, or organizational changes, leading to a **temporary** pause in decision-making or new commitments.
- **Contact Person Resigned:** The primary contact or decision-maker has left the organization, and the Sales Agent is waiting for a new contact to be assigned before continuing the process.

Note: If the contact person changed, the Sales Agent shall add the new “Contact Role” side of the same deal entity, to be the decision maker.

*Note: If the resigned contact person expresses continued interest in our services, the Sales Agent shall create a new **Outbound Deal** in Zoho CRM to manage the opportunity under the individual's new organization or business entity.*

7.3.13 Follow-up frequency may shift to a **weekly or monthly frequency done by the Deal Owner**, depending on the selected reason and the client's situation. All follow-ups must continue to be logged in **Zoho CRM**.

7.3.14 If **NO activity/ client progress is recorded** within **3 - 6 months maximum**, the Sales Agent shall move the deal to the “**Closed Lost**” stage with the appropriate reason logged, as outlined in section 7.2.9 (Closed Lost Reasons).

7.4 Proposal Phase

→ [Proposal Stage]

7.4.1 **Proposal Preparation & Sending:** The Sales Agent shall prepare and send the proposal (Commercial Offer) within **two (2) business days at the maximum**, after the meeting, based on the client's requirements. The proposal must use the latest approved and coded template, be uploaded to the [Attachments] section in Zoho CRM, and be sent officially via email through the system.

- **Proposal Validity:** Each proposal (Commercial Offer) is valid for **thirty (30) days**; After expiry, the proposal becomes invalid and must be updated by the Sales Agent, but if the client accepts an expired proposal and the Sales Agent confirms no changes are required, the existing proposal may be approved by all concerned parties.

*EXCEPTION: In certain cases, such as with government entities or clients requiring special discounts, the process may extend up to **five (5) business days**, as the Sales Agent must obtain approvals from both the CCO and the CEO before proceeding.*

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 16 of 32

7.4.2 Once the proposal is sent, the Sales Agent moves the deal to the “**Proposal**” stage. This stage begins from the moment the client receives the proposal and continues until the Agreement is sent. The timeframe/duration for this stage is **three (3) months maximum**.

***EXCEPTION:** If the client requests an **NDA** to be signed before sharing internal information or accepting the proposal, the Sales Agent shall process it through **Zoho Sign** and adjust the timeline accordingly in **Zoho CRM**.*

- During 3 months of Proposal Stage:

7.4.3 An automatic task will be sent as **bi-weekly follow-ups** via Zoho CRM. Active negotiation efforts should take place primarily within the **first two (2) to four (4) weeks**, and the Sales Agent shall schedule continuous follow-up actions (calls, tasks, meetings) in Zoho CRM to prevent the deal from becoming inactive.

7.4.4 If **NO** progress occurs from client’s side, **OR** If the client is **interested**, but not yet ready to proceed due to internal issues/delays, **OR** pending approvals/decisions, the Sales Agent will downgrade the deal probability to “**Cold**” and move the deal to the “**On Hold**” stage with the appropriate reason logged, as outlined in section 7.3.12 (On Hold Reasons). The follow-up policy **recommended** a **bi-weekly follow-up task**, and a scheduled call must be created in Zoho CRM to maintain light engagement and prevent the deal from becoming inactive.

7.4.5 If the client replied and showed **NO** interest, the Sales Agent must move the deal to the “**Closed Lost**” stage with the appropriate reason logged, as outlined in section 7.2.9 (Closed Lost Reasons). A clear closure note must be added in the [Notes] section of Zoho CRM to ensure accurate tracking and transparency of lost deals.

***Note:** Follow-up frequency may be adjusted depending on the client’s communication style or channel preferences. Any such changes must be documented in the [Notes] section of Zoho CRM for visibility and tracking.*

7.4.6 **After three (3) months**, if **NO** activity or client progress is recorded, the Sales Agent shall move the deal to the “**Closed Lost**” stage with the appropriate reason logged, as outlined in section 7.2.9 (Closed Lost Reasons).

7.4.7 **If the client confirms interest but requests a revised or updated proposal**, the Sales Agent must update the proposal as agreed and resend it to the client. The deal remains in the “**Proposal**” stage, and the updated version must be uploaded to Zoho CRM under the [Attachments] section for audit traceability. A new follow-up cycles begin from the resend date.

***Note:** Proposal updates may be required due to changes in the deal data, such as the number of employees, contact person, pricing adjustments, discount approvals, partnership details, partnership-specific requirements, any revision impacting financial, operational, or contractual terms, etc.*

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 17 of 32

7.5 Agreement & Contracting

→ [Agreement Sent Stage]

7.5.1 **Once the client confirms verbal intent to proceed**, the Sales Agent must send the Service agreement/Contract to the client using the latest **approved template via Zoho Sign**. The Sales Agent moves the deal to the “**Agreement Sent**” stage in Zoho CRM. **The timeframe/duration for this stage is three (3) months maximum.**

7.5.2 **Case #1: If the client raises legal/contractual concerns (may take around 7 - 10 business days)**, they may request modifications to specific clauses in the agreement/contract. The Sales TL/Manager is responsible for collecting these requested changes and forwarding them to the **GRC Team** or, if required, a legal review with an **external Legal Consultant**. All related correspondence and document versions must be attached in the **[Attachments]** section of Zoho CRM, shared, and documented via email.

7.5.3 **The GRC Team evaluates the requested clause modifications and determines feasibility:**

- **If changes are NOT doable**, the Sales TL/Manager must conduct **aggressive follow-up** with the client to communicate the rejection and discuss acceptable alternatives.
- **If changes are doable**, the GRC Team issues the updated agreement via email, and the Sales Agent re-sends it to the client through **Zoho Sign** for signature and documentation.

Note: If clause revisions become a deal breaker, the client may be lost at any stage of this process.

ALERT: The agreement/contract will be reviewed by the GRC Team and monitored by the Head of Sales via email, taking a long time in the signing phase.

7.5.4 **Case #2: If the client sent an NDA (may take around 7 - 10 business days)**, the Sales Agent/TL must forward these documents to the **GRC Team** for review in coordination with an **external Legal Consultant**. All documents must be attached in the **[Attachments]** section of Zoho CRM, shared, and documented via email.

7.5.5 **The GRC Team reviews the client’s NDA and issues an approval or rejection:**

- **If documents are NOT approved**, the Sales Agent/TL must follow up promptly with the client to communicate the decision and explore alternative solutions.
- **If documents are approved**, the GRC Team sends the confirmation via email, after which the Sales Agent re-sends it to the client for signing through **Zoho Sign**.

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 18 of 32

7.5.6 Case #3: If the client sent a Vendor/Supplier Agreement (may take around 2 business days), the Sales Agent/TL must forward these documents to the **Sales Manager/Head of Sales *directly*** to be reviewed and signed via Zoho Sign (**NO** need for review or approval from the GRC Team). All documents must be attached in the **[Attachments]** section of Zoho CRM, shared, and documented via email.

***Note:** If the agreement documents are a deal breaker, the client may be lost at any stage of this process.*

***Note:** Some documents may involve payment terms (more than 90 days); in such cases must be escalated to the Finance Team for review & confirmation. If there are NO changes in the payment terms (90 days), it will be agreed by the Sales Manager.*

***Note:** If the documents relate to Onboarding requirements, the Sales Team must check with the CS Team (only), be signed by the CEO via Zoho Sign, and monitored by the Head of Sales via email.*

7.5.7 If the client replies and requests clarifications, the Sales Agent enters a **negotiation phase** to address the issues related to the agreements, terms, or clauses. The objective is to reach a mutually accepted solution without losing the client. This step is logged as active negotiation and must remain in the “**Agreement Sent**” stage. The Sales Agent shall record any comments in the **[Notes]** section within Zoho CRM (if any), to be visible for all concerned parties.

7.5.8 If the client delays their reply or becomes non-responsive during these 3 months, the Sales Agent shall re-contact the client **at least once per month** and log the follow-up task in Zoho CRM. **If NO response is received within this period,** the deal shall be moved to the “**On Hold**” stage with the appropriate reason logged, **as outlined in section 7.3.12 (On Hold Reasons).**

***Note:** Follow-up frequency may be adjusted based on the deal's situation. Any such changes must be documented in the [Notes] section of Zoho CRM for visibility and tracking.*

7.5.9 When the client agrees to the terms, the Sales Agent resends the finalized agreement via email for signature by the client as the **First Party**. The signed version must then be uploaded and attached in the **[Attachments]** section of Zoho CRM.

7.5.10 The Sales Agent/TL shall upload all relevant attachments under the [Attachments] section in Zoho CRM, ensuring the most updated versions:

- Proposal Sent (Most updated, if there are 2 proposals sent),
- Quotation/PO/Service Agreement/Contract,
- VAT Certificate,
- Commercial Registration Certificate,

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 19 of 32

- National Address,
- Any relevant client documents, etc. (for example, when the Sales Agent sends the NDA to the client to be signed, if requested).

7.5.11 The Sales Agent/TL shall update all deal fields in Zoho CRM (**Mandatory**), including:

- Deal Amount,
- Industry,
- Accurate Company Name,
- Region (City) of Head Office,
- Contact Person Details (maybe the power user),
- Discount% (if any),
- Bundle: The Sales Agent selects the appropriate **WalaPlus bundle** according to the client's needs, employee size, and budget, and must record the selected bundle in Zoho CRM under the [**Bundle Type**] field for each deal as below:
 - **Basic Package:** Core offer & discount, rewards, health & wellbeing, and measurement solutions for smaller or entry-level clients.
 - **Advanced Package:** All Basic features plus extended vouchers, department budgets, scheduled bonuses, and enhanced recognition tools.
 - **Premium Package:** Full suite of offers, rewards, family accounts, advanced analytics, and comprehensive wellbeing measurement for medium/large organizations.

7.5.12 The Sales Team Lead shall review (**first-level verification**) all uploaded documents and deal fields for completeness before escalating the agreement for signature. Any missing or inaccurate data shall be corrected before submission to the Sales Manager (if any).

7.5.13 The Sales Manager shall review (**second-level verification**) all attachments and deal data to confirm accuracy and consistency (*double-check as a second eye*).

- **Specifically:**
 - Original proposal price vs. final agreement value.
 - Client and contact person details.
 - Company legal information and compliance documentation.

7.5.14 Upon completing verification, the Sales Manager shall sign the agreement as the **Second Party** via Zoho Sign, within the same business day of receiving it.

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 20 of 32

7.5.15 The Sales Agent/TL shall forward the complete agreement package (with attachments) to the **Finance Team** within the same business day of receiving the Sales Manager's signed copy. The submission must ensure that all required documents are attached and verified to enable **the generation of an invoice**.

7.5.16 The Finance Team shall review the agreement & attachments, and sign the agreement as a **Third Party** via Zoho Sign, within the same business day of receiving it.

7.5.17 The Finance Team can reject or postpone the agreement signature & invoicing stage (deal closure) if any of the following data is missing or incomplete:

- **Required client documents**, as outlined in section 7.5.9,
- **Completed client and deal details** in Zoho CRM and the agreement, as outlined in section 7.5.10,
- **Clarification or justification (discounts, promotions, etc.) note for any discrepancy between proposal and agreement values** (justification shall be documented via email, if needed).

7.5.18 If the agreement is signed manually or offline, **it must be scanned and uploaded** to the **[Attachments]** section in Zoho CRM to ensure proper tracking & audit compliance. The Sales Agent must make sure all signed documents are accessible & correctly versioned.

7.6 Agreement Signed & Post-Signature Actions

→ **[Agreement Signed Stage]**

7.6.1 **Once the client First Party signs the agreement**, the Sales Agent moves the deal to the **"Agreement Signed"** stage and shall verify that the signed documents are uploaded and that all fields are completed on Zoho CRM.

Note: The deal must **not** be moved to this stage unless all required documents and Zoho CRM fields are fully updated and validated.

7.6.2 The Sales Agent shall update the **[Closing Date]** field within the same business day of finalizing all required signatures, Second Party & Third Party.

EXCEPTION: If the agreement requires **approval** from the **Sales Manager** or **Head of Sales** before finalization, the Sales Agent shall update the **Closing Date** only after obtaining the final approval, using the **date of that approval** as the official closing date.

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 21 of 32

7.6.3 The Sales Agent shall complete the “**Onboarding Requirements**” section in Zoho CRM. The data entered is automatically shared with the **CS Team** to initiate the onboarding process in **Planhat**. The required fields are:

- **Onboarding Method:** Select whether the onboarding will be conducted **Online** or **Onsite** at the client’s company.
- **Contract No. of Employees:** Enter the actual number of contracted employees as stated in the signed agreement and quotation.
- **Trial Period:** Indicate whether a trial period has been requested (**Yes/No**).
- **Trial Period Days:** Select the duration of the trial period (**7, 14, 30, or 60 days**).

Note: The Sales Agent may offer a trial period **only** when a deal is at risk of rejection, to retain client interest.

Note: If the client requested a **Trial Period** exceeding **14 calendar days**, approval shall be granted by the **Head of Sales and Chief Commercial Officer**.

7.6.4 Upon **automatic** notification from Zoho CRM, the **CS Team** begins the Onboarding Process in **Planhat**:

- If onboarding has **NOT yet started**, the CS Team reviews onboarding data provided by the Sales Agent, initiates user setup, and account configuration with the client.
- **Sometimes**, the client changes the idea and stops the onboarding process, so in this case, the Sales Agent shall move the deal to the “**Closed Lost**” stage with the appropriate reason logged, as outlined in section 7.2.9 (Closed Lost Reasons).

7.6.5 Once the Onboarding Process is started in **Planhat**, the CS Team confirms whether the client has requested a **Trial Period**:

- **If No Trial Period is requested** → onboarding continues as a standard activation under the agreed WalaPlus Bundle.
- **If a Trial Period is requested** → onboarding proceeds for the approved Trial Period Duration as **mentioned in the Onboarding Requirements** section on Zoho CRM.
- **At the end of the Trial Period**, the CS Team must reconfirm with the client whether they will continue with full activation.
- Once the client confirms readiness or trial completion, the CS Team completes the **Client Service Acceptance Form** and obtains the client’s signature.

7.6.6 Regardless of whether a Trial Period is requested or not, the Sales Agent shall create the **Client Entity (Account Name)** in Zoho Books **immediately** after the agreement is signed, and shall issue the **Quotation** aligned with the signed package and pricing terms.

Note: The CS Team must have visibility of issued quotations and invoices in **Zoho Books** for synchronization and audit traceability.

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 22 of 32

7.6.7 If the client **confirms intent to proceed following the Trial Period**, the following actions shall be triggered:

- The quotation shall remain **valid for one (1) month** from its issuance date. If payment is not received within the validity period, the quotation is marked **Expired**, and the **Sales TL** reviews the case for follow-up or escalation.
- The Sales Agent/Sales TL shall follow up with the **CS Team** to confirm the client's decision and ensure timely closure or escalation.
- The quotation must comply with the **latest approved pricing model** and be **uploaded to Zoho Books** under the corresponding deal record for audit reference.

7.6.8 Once the quotation has been issued, the **Sales TL** shall coordinate with the **Finance Team** to confirm invoice generation in Zoho Books.

- **If the invoice has been issued**, the deal is considered **financially completed**, and no further Sales Team action is required.
- **If the invoice is pending after one (1) month**, the Sales TL shall follow up with both the **Sales Agent & CS Team** to identify and resolve any delay (internal or client-side).

Note: All invoices must be attached to the same **Zoho Books** record to maintain traceability and ensure audit compliance.

7.7 Team Monitoring

Objective: To ensure continuous visibility on team performance, compliance with SLAs, and fair workload distribution within the Sales Team.

7.7.1 **Daily Monitoring:**

- Sales Agents shall complete and close all **daily** activities (calls, tasks, meetings) before EOB,
- Sales TLs shall review each Sales Agent's dashboard **daily** on Zoho CRM (deal progress, follow-ups, logged calls, meeting activities, and pending proposals),
- The Sales Team Lead shall ensure that all team members update their Google Calendar **daily** (reflecting any changes such as urgent matters, unplanned or planned vacations, on-site meetings, or any other schedule adjustments) to maintain full transparency and coverage within the team.

7.7.2 **Weekly Spot-Check:**

- The Sales TL performs a random sample of **five (5)** deals per Sales Agent **weekly**.
- **Spot-check criteria:** completeness of Zoho CRM fields, correct stage movement, document/attachment accuracy, and follow-up frequency.

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 23 of 32

7.7.3 **Continual Coaching:**

- The Sales Team Lead holds a review meeting with his team **weekly** to discuss spot-check findings, client escalations, and pipeline status.
- Improvement actions are logged & documented via emails with assigned owners & specific deadlines (if any).

7.7.4 **Internal Requests Assigned by the Head of Sales:**

- The **Head of Sales** may assign internal tasks or service requests directly to the relevant Sales TL for execution, follow-up, or delegation to specific Sales Agents.
- The Sales TL or assigned Sales Agent must contact the Head of Sales **within one (1) business day** to confirm the task requirements and deadlines via email.
- The Sales TL shall monitor task progress and update the Head of Sales periodically or upon completion.

7.7.5 **Monthly Review:**

- The Head of Sales consolidates performance dashboards with the Data Analyst for **monthly** leadership reporting (conversion rate, proposal cycle time, closing date, etc.).
- Review data with Sales Managers & Finance Team to check if there are any discrepancies or inconsistencies to be fixed, for commissions distribution.

7.7.6 **Investigation & Root Cause Analysis (RCA):**

When a breach or repeated deviation is detected, the Sales Manager/Sales Team Lead initiates an investigation **within one (1) business day**:

- **Scope the case:** Identify impacted deal(s), owner(s), dates, and SLA breached.
- **Collect evidence:** Zoho CRM activity log, email references, call logs, meeting invites, attachments, etc.
- **RCA method:** Apply the 5 Whys; classify cause as People / Process / System / Client-Side.
- **Corrective action (CA):** Define immediate action, responsible owner, and due date.
- **Preventive action (PA):** Define long-term preventive measures (training, automation, fixed templates, process changes).
- **Verification:** Quality Team verifies CA/PA effectiveness **within three (3) business days** and closes or reopens the case as needed.
- **Documentation:** The Sales Agent shall record these RCAs in the [Notes] section within Zoho CRM (if any), to be visible for all concerned parties.

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 24 of 32

7.8 Handover Management

Objective: *To guarantee transparent transfer of ownership when deals or responsibilities are reassigned, minimizing data loss and ensuring continuity of communication.*

7.8.1 Internal Reassignment:

- **Sales Team members** submit leave requests via **Jisr**, approved by the direct Manager.
- The **Sales Manager/Head of Sales** may trigger reassignment due to workload balancing, excuses, leave, or resignation.
- The **Sales Team Lead** may temporarily assign backup responsibility by changing the *task owner* (without changing the Deal Owner) to maintain continuity.
- All Zoho CRM notes, attachments, and previous activities remain visible to the new Deal Owner/ Sales Agent.

7.8.2 Reassignment Rules:

- **Purpose:** To maintain client continuity and ensure operational balance when ownership must move between Sales Agents or Teams.
- When Re-assignment occurs:
 - Client formally requests a change in the Sales Agent.
 - Workload balancing, leave, resignation, or process correction requires transfer.
- Authority & Execution:
 - **Same Team Reassignment:** Handled solely by the **Sales Team Lead**.
 - **Cross-Team Reassignment:** Requires approval and action by the **Sales Manager**, with visibility to the **Head of Sales**.
 - Only three designated Managers and the **Head of Sales** have system authority to change the “**Deal Owner**” in Zoho CRM.
- Qualification Requirements:
 - The receiving Sales Agent must be trained in the appropriate field category.
 - The Sales TL shall brief the new owner on deal history, client background, past communication, and pending actions before the handover.
- Timeline Requirements:
 - Reassignment must be completed within one week before scheduled leave, or immediately when triggered by resignation or workload balancing.
 - All changes must be logged in the Zoho CRM [**Notes**] section to be reflected as handover and communicated via email within the same business day.

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 25 of 32

7.8.3 **Backup Continuity (Temporary Handover):**

- When a Sales Agent is unavailable (vacation, leave, or resignation), the **Sales Team Lead** assigns backup responsibility until permanent reassignment is completed.
- The **Quality Team** monitors all open deals under backup status to ensure SLAs are honored, and no client communication is missing.

7.9 **Newcomers Shadowing & Onboarding**

Objective: *To ensure new Sales Agents are properly trained, monitored, and aligned with WalaPlus Sales governance standards before they start managing client opportunities independently.*

7.9.1 **Onboarding Preparation:**

- HR informs the Sales Manager and Head of Sales **one week prior** to the newcomer's start date.
- The Sales Manager assigns a **Mentor/Shadow Partner** (Sales TL or Senior Sales Agent) for the **first 30 calendar days**.
- Access setup (Zoho CRM, Zoho Books, Zoho Sign, Slack, and Google Calendar) must be completed by the ERP Admin before Day 1.
- Quality Team shares the latest **Sales Governance Document**, supporting documents, and templates via (**Zoho WorkDrive**).

7.9.2 **Shadowing Phase (First 2 Weeks):**

- The newcomer **observes live client calls, meetings, and CRM workflows** handled by the Mentor/Shadow Partner (Sales TL or Senior Sales Agent).
- Each session is logged in a **Log Sheet** (date, activity type, notes, questions).
- The Mentor explains CRM data entry standards (mandatory fields, notes, attachments).
- The Sales TL ensures exposure to at least: **3 meetings, 2 proposal preparations, and 1 agreement review**.

7.9.3 **Assisted Practice Phase (Weeks 3 - 4):**

- The newcomer performs CRM updates, follow-ups, and proposal preparation **under supervision**.
- The Mentor reviews and approves all work **before** any communication is sent to the client.

	Quality Governance Document	<u>Document Code:</u> WalaPlus_Sales_1.1_01.12.2025
	<u>Document Name:</u> Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 26 of 32

7.9.4 **Independent Operation (After Week 4):**

- Upon completing shadowing and the evaluation checklist:
 - The Sales TL sends a **Readiness Confirmation** email to the Sales Manager.
 - The newcomer is granted deal ownership and enters full performance monitoring.

7.9.5 **Monitoring & Reporting:**

- The Sales TL conducts a **60-day performance review** to identify strengths, gaps, or training needs.
- Persistent underperformance triggers a **coaching plan or extended mentoring**, coordinated with the Sales Manager.

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 27 of 32

8. Key Performance Indicators (KPIs)*

KPI Type	KPI/Metric	Description	Calculation	System	Target	Benchmark
Individual	Conversion Rate of SQL	Measures the success rate of meetings converted into signed agreements	$(\text{Agreements Signed} / \text{Meetings}) \times 100$	Zoho CRM Dashboard	$\geq 25 \%$	B2B Industry Benchmark 20–30 %
Individual	Proposal Cycle Time	Average number of days between meeting completion and proposal issuance	$\Sigma (\text{Proposal Sent Date} - \text{Meeting Date}) / \text{Deals}$	Zoho CRM Dashboard	$\leq 2 \text{ Days}$	Internal SLA
Process	Agreement Cycle Time	Measures the time between the proposal sent and the full agreement signature	$\Sigma (\text{Agreement Signed Date} - \text{Proposal Sent Date}) / \text{Deals}$	Zoho CRM Dashboard	$\leq 20 \text{ Days}$	Cycle-Time $\leq 30 \text{ Days}$
Process	Data Accuracy Score	Percentage of deals passing audit with all mandatory CRM fields completed accurately	$(\text{Compliant Deals} / \text{Sample}) \times 100$	QA Audit Sheet	$\geq 95 \%$	Internal Governance Standard
Process	Documents Attachment Compliance	Percentage of deals with all required documents (proposal, agreement, CR, VAT certificate, etc.) correctly attached in CRM before handover	$(\text{Deals with Complete Attachments} / \text{Total Closed Deals}) \times 100$	Zoho CRM/ QA Audit Sheet	$\geq 95 \%$	Internal Governance Standard
Process	Deal Velocity Index	Indicates overall sales-cycle speed from qualification to closure	$(\text{Total Closed Deals} / \text{Total Days in Cycle})$	Zoho CRM Dashboard	$\uparrow \text{ Trend Quarterly}$	Continuous Improvement
Process	Follow-Up Effectiveness Rate	Measures completion of follow-up tasks within the SLA timeframe	$(\text{On-Time Follow-Ups} / \text{Total Follow-Ups}) \times 100$	Zoho CRM/ QA Audit Sheet	$\geq 95 \%$	Internal SLA
Governance	SLA Adherence Rate	Percentage of all activities completed within SLA timelines	$(\text{On-Time Activities} / \text{Total Activities}) \times 100$	Zoho CRM Dashboard	$\geq 90 \%$	Internal SLA
Governance	Audit Compliance Score	Weighted average from monthly QA audits across Sales processes	Average % across checkpoints	QA Dashboard	$\geq 85 \%$	Best Practice $\geq 80 \%$

*Excluding weekends & vacations, business hours start from 8-9 AM to 3-4 PM (KSA Time Zone).

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 28 of 32

9. Service Level Agreements (SLAs)*

Item	Definition	SLA
Contact After SDR Handoff	Time between SDR handoff and first client contact by Sales Agent	≤ 1 Business Day
Proposal Preparation	From meeting completion to sending the first proposal	≤ 2 Business Days
Proposal Validity Update	From proposal expiry to re-issuance of an updated version	≤ 30 Days
Agreement Review & Signature	From client's proposal acceptance to obtaining all required signatures (Sales → Finance → Client)	≤ 10 Business Days
Agreement Escalation Window	From GRC delay (> 10 Business Days) to escalation to Sales Manager	≤ 5 Business Days
Zoho CRM Activity Logging	From any client interaction (call, meeting, or proposal) and its update in Zoho CRM	Same Business Day
Follow-Up Compliance	Time between the scheduled follow-up date and completion/logging of the activity	Same Business Day
CS Handover Acknowledgment	Time between the “ Agreement Signed ” stage and the formal acknowledgment from Customer Success	≤ 1 Business Day
Issue Escalation Window	Time between the detection of a critical issue and the submission of an escalation notice	≤ 4 Hours

**Excluding weekends & vacations, business hours start from 8-9 AM to 3-4 PM (KSA Time Zone).*

	Quality Governance Document	Document Code: WalaPlus_Sales_1.1_01.12.2025
	Document Name: Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 29 of 32

10. Escalations*

Escalation Case	Trigger Insight	Pre-Alert	Trigger Method (Notification)	1 st Layer	2 nd Layer
Delay in CRM Update	CRM is not updated within 24 hours after client interaction	Slack Bot Reminder	Automated Zoho CRM workflow email alert	Sales TL	Sales Manager
Proposal Delay	Proposal not sent within 2 business days after the meeting	Zoho CRM System flag	Zoho CRM Workflow Alert	Sales TL	Sales Manager
SLA Breach – Follow-up Delay	Missed follow-up > 24 hours beyond SLA target	Pre-alert to the Deal Owner	Zoho CRM task alert	Sales TL	Sales Manager
Agreement Stuck > 2 Months	No client response for > 2 months after the agreement is sent	Manual follow-up reminder	Zoho CRM alert and escalation report	Sales Manager	Head of Sales
Repeated Non-Compliance	≥ 2 audit failures within one month for the same agent or process	Live dashboard warning	Monthly QA summary report	Sales Manager	Head of Sales
Client Escalation / Complaint Received	Direct escalation from client to Head of Sales or QA	Immediate notification	Email	Head of Sales	Quality Manager

*Excluding weekends & vacations, business hours start from 8-9 AM to 3-4 PM (KSA Time Zone).

	Quality Governance Document	<u>Document Code:</u> WalaPlus_Sales_1.1_01.12.2025
	<u>Document Name:</u> Sales Management Process	
Version Date: 01 Dec. 2025	Version Number: 1.1	Page 30 of 32

11. Reporting

11.1 Daily:

- Each Sales Agent shall ensure that Zoho CRM is fully updated by EOB.
- The Sales Team Lead reviews the **daily** dashboard, tracking active deals, follow-ups due, pending follow-ups, and proposal progress to ensure timely completion of all actions.
- Any delays or pending items identified are flagged for immediate resolution or next-day review.

11.2 Weekly:

- The Sales Manager consolidates **weekly** performance against targets and shares the summary with the Head of Sales. Summary to the Leadership Committee, highlighting achievements, gaps, and risks.
- All performance deviations shall be analyzed, and a corrective action plan defined, documented, and communicated to all concerned parties for implementation and follow-up.

11.3 Monthly:

- The Quality Team issues a **monthly** audit summary covering compliance rates, SLA adherence, and recurring trends.
- The Data Analyst prepares a comprehensive report covering conversion rate, proposal cycle time, closed-lost analysis, and SLA breach patterns.
- The Head of Sales presents a **monthly** summary to the Leadership Committee to review overall performance versus targets and ensure corrective actions are tracked to closure.

11.4 Quarterly:

- A Governance Review Meeting shall be conducted **quarterly** between the Sales, Quality Assurance, and Operations to:
 - Assess process alignment and data accuracy.
 - Review KPI and SLA performance trends.
 - Update Governance Document versions (if needed).
 - Define and assign continuous improvement initiatives with clear responsibilities and timelines.
